Supplemental Examiner's Amendment

An examiner's amendment to the record appears below.

Authorization for this examiner's amendment was given in a telephone interview with Laura Coruzzi on 8/4/99.

The application has been amended as follows:

In the specification at page 5, lines 27-28, "12301 Parklawn Drive, Rockville, Maryland" was replaced with

I₁ --10801 University Boulevard, Manassas, VA 20110-2209--.

In the specification at page 6, line 6, the following was inserted after "ATCC #75879."

I₂ --All restrictions on the availability to the public of the material so deposited will be irrevocably removed upon the granting of a patent.--

In claim 39, last line, "is" was replaced with --are--.

In claim 57, lines 2-3, "adenoviral vector" was replaced with --adenovirus--.

The amendment to page 5 updates the change of address of the ATCC. The amendment to page 6 was needed to satisfy the biological deposit requirements for claim 45 for recitation of ATCC #75879. The amendment to claim 39 corrects a grammatical error. The amendment to claim 57 corrects a lack of antecedent basis for "the adenoviral vector".
